SECTION 1

INTRODUCTION AND GENERAL INFORMATION

1.1. Introduction and Purpose.

The Authority is soliciting Qualification Statements from interested persons and/or firms for the provision of certified technical support and services and furnishing proprietary parts for the SCADA system, which system is specifically a Foxboro I/A Series System. Through a Request for Qualification process described herein, persons and/or firms interested in assisting the Authority with the provision of such services and parts must prepare and submit a Qualification Statement in accordance with the procedure and schedule in this RFQ. The Authority will review Qualification Statements only from those firms that submit a Qualification Statement which includes all of the information required to be included as described herein (in the sole judgment of the Authority). The Authority intends to qualify person(s) and/or firm(s) that (a) possess the professional, financial and administrative capabilities to provide the proposed services and parts, and (b) will agree to work under the compensation terms and conditions determined by the Authority to provide the greatest benefit to the taxpayers of County of Bergen.

1.2. Procurement Process and Schedule.

The selection of Qualified Respondents is not subject to the provisions of the Local Public Contracts Law, N.J.S.A.:40A:11-1 et seq. The selection is subject to the “New Jersey Local Unit Pay-to-Play” Law, N.J.S.A. 19:44A-20.4 et seq., however. The Authority has structured a procurement process that seeks to obtain the desired results described above, while establishing a competitive process to assure that each person and/or firm is provided an equal opportunity to submit a Qualification Statement in response to the RFQ. Qualification Statements will be evaluated in accordance with the criteria set forth in Section 2 of this RFQ, which will be applied in the same manner to each Qualification Statement received.

Qualification Statements will be reviewed and evaluated by the Authority and its legal and/or engineering advisors (collectively, the “Review Team”). The Qualification Statements will be reviewed to determine if the Respondent has met the minimum professional, administrative and financial areas described in this RFQ. Under no circumstances will a member of the review team review responses to an RFQ for a job which they or their firm submitted a response. Based upon the totality of the information contained in the Qualification Statement, including information about the reputation and experience of each Respondent, the Authority will (in its sole judgment) determine which Respondents are qualified (from professional, administrative and financial standpoints). Each Respondent that meets the requirements of the RFQ (in the sole judgment of the Authority) will be designated as a Qualified Respondent and will be given the opportunity to participate in the selection process determined by the Authority.

The RFQ process commences with the issuance of this RFQ. The steps involved in the process and the anticipated completion dates are set forth in Table 1, Procurement Schedule. The Authority reserves the right to, among other things, amend, modify or alter the Procurement Schedule upon notice to all potential Respondents.

All communications concerning this RFQ or the RFQ process shall be directed to the Authority's Designated Contact Person, in writing.
